Overview

Summary

Founded during the economic downturn in 2009, EPI is guided by one mission: enable every member of our community to earn a livelihood with which to support their family with dignity. EPI has its finger on the pulse of our community and continuously innovates new programs to open new employment and business advancement opportunities. Our team of recruiters, career counselors, business coaches, and a network of 20,000 connections work tirelessly with members of our community, guiding them to financial success and independence.
